Re: Examination of irregular incidents in Operation Protective Edge

Dear Sir,

1. I wish to inform you that the Military Advocate General's Corps is currently examining incidents that took place during Operation Protective Edge.
2. To thoroughly examine all relevant incidents and obtain a full picture of the facts, to the extent possible, before making decisions concerning law enforcement, we would appreciate your assistance in sending us (in as much detail as possible) your reports concerning incidents that took place during the operation in which breaches of the law are suspected.
3. We thank you in advance for your cooperation and will be glad to clarify any further matter upon request.

Sincerely,

Lt. Col. Ronen Hirsch,

Military Advocate for Operational Matters
